## Fluid-Bal® IV

Introducing  
F300300 FLUID-BAL IV  
Wagner's Newest Brake System  
Pressure Bleeder

### Get The Latest In Brake System Pressure Bleeders

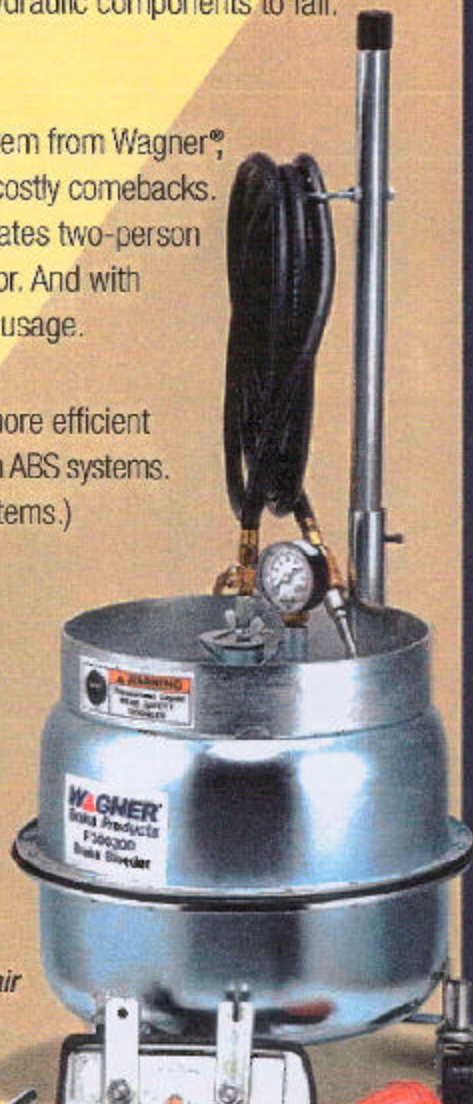

**Guarantee Top Performance, Reduce Costly Comebacks:** Pedal bleeding can force air back into the system and cause hydraulic components to fail. So why risk it?

With the new Fluid-Bal® IV pressure bleeder system from Wagner®, you can guarantee top performance and reduce costly comebacks. The Fluid-Bal IV also saves you money. It eliminates two-person bleeding, improving efficiency and reducing labor. And with pressure bleeding, you also save on brake fluid usage.

On ABS brakes, the new Fluid-Bal IV system is more efficient and trouble-free when it comes to removing air from ABS systems. (just follow OE specs for brake bleeding ABS systems.)

### Key Product Features:

- Automatic fluid shut-off
- Automatic air-pressure safety valve
- Automatic fill nozzle
- 12-ft. hose for car-lift use
- Self-sealing, quick-disconnect coupler
- Zinc-chromate plating – no paint to wear off or peel
- Molded rubber diaphragm to separate fluid and air
- 3.75-gallon capacity

## EXCLUSIVE

PRESSURE  
BLEEDER SYSTEM

ENGINEERED FOR:

- POWER BRAKE SYSTEMS
- CLUTCH SYSTEMS
- TANDEM SAFETY MASTER CYLINDERS
- DUAL CLUTCH AND BRAKE CYLINDERS
- MOST MASTER CYLINDERS WITH OR WITHOUT CHECK VALVES

# Fluid-Bal® IV

## Supplied Standard Adapters (Also available separately)

- |                |   |
|----------------|---|
| <b>F300306</b> | For round, open tanks and plastic reservoirs with screw caps <i>Includes gasket</i>     |
| <b>F300309</b> | Harness-type adapter for plastic tanks <i>Includes strap and O-ring replacement kit</i> |
| <b>F300310</b> | For open-tank tandem cylinders <i>Includes gasket</i>                                   |

## Optional Adapters

- |                |   |
|----------------|---|
| <b>F300303</b> | Use in conjunction with F300308 and F300309   |
| <b>F300304</b> | Use in conjunction with F300307   |
| <b>F300305</b> | For all Ford and Mercury  |
| <b>F300307</b> | For all Buick and Chevrolet, 1987-92 <i>With FWD</i><br>For all Dodge passenger vehicles, 1985-92 |
| <b>F300308</b> | For all GM Astro and Safari mini-vans, 1988-95  |
| <b>F300311</b> | For large, wide, open tanks on cars and light trucks <i>Includes gasket. 4-3/16" x 8-3/16"</i>    |
| <b>F300313</b> | For all Jeep Cherokee and Dodge mini-vans, 1985-95<br>For all Dakota and Ram 50 trucks            |

## Import Adapters (Available separately)

- |                |  |
|----------------|--|
| <b>F300301</b> | For all Volkswagen, 1985-93<br>For all Porsche, 1985-98 <i>With air-cooled engines</i> |
| <b>F300302</b> | For all Audi, BMW, Mercedes Benz, and Peugeot  |
| <b>F300312</b> | For dual-tank import cars <i>Use with F300306</i>                                      |

## Optional Components

- |                |                            |
|----------------|----------------------------|
| <b>F300320</b> | 60 psi pressure gauge      |
| <b>F300321</b> | Brake bleeder diaphragm    |
| <b>F300322</b> | Automatic fill nozzle      |
| <b>F300323</b> | Bleeder hose assembly      |
| <b>F300324</b> | Rubber filler plug         |
| <b>F300325</b> | 60 psi relief valve        |
| <b>F300326</b> | 1/8 NPT male tee fitting   |
| <b>F300327</b> | Air release valve assembly |

To order the Fluid-Bal® IV pressure bleeder system or any adapters and components, contact your Wagner brake supplier.
